with additional questions

City Managers' Luncheon

Come join your Region 2 colleagues for the City Managers' Luncheon. This event offers you the chance to discuss career growth and the challenges of being a City Manager. Mark Watkins, City Manager of Ventura, will briefly talk about his path to becoming a City Manager, the importance of understanding the demands of a city, and aligning your skills to meet those demands. He will then facilitate a discussion with all local executives and those in attendance in a speed coaching session to give attendees the opportunity to hear directly from our region's leaders. This is a great opportunity to meet local executives in an informal setting and network with colleagues in surrounding cities.
